Product information

SKU	4343018
Product name	Induction range Metos Diamante Touch DT94/10GCITC with open
Dimensions	800 × 900 × 870 mm
Weight	155,000 kg
Technical information	400 V, 28 kW, , 50/60 Hz

Description

The Metos Diamante 90 Touch -series' clear and easy-to-use touch screen offers the user the straightforward operation of the appliances - choose a function from the touch screen, set a value with the adjustor knob and confirm by clicking. You can see all the necessary values on the touch screen.
The Metos Diamante DT94/10GCITC table top induction stove has four 5kW cooking plates. The cooking plates are separated into four large unbreakable 6 mm thick ceramic sections on the table top. The stove has two timers, which alert when the time is finished.

When operating the induction stove, the ceramic table top frame does not heat up and the only heat exerted comes from the cooking dish used. Moreover, heat does not collect into or around the stove, only the bottom of the pan and the food inside the pan or dish heat up.

Therefore, using an induction stove is quick and safe. In addition, the cleaning of the stove is also easy, as food will not burn onto the cool surface. Furthermore, the back edge is slightly tilted, which prevents splashes from dripping behind the stove.

The Metos Diamante 90 -restaurant series is designed for demanding use in professional kitchens and, thus, the appliances are extremely efficient, functional and stylish. The sturdy structure, straightforward use and easy cleanability enable more focus on preparing the food itself. The Diamante 90 -series appliances are available in either a table top version or with its own stand, individually or in combination with other appliances. The appliances are laser cut, which guarantees that they can be connected to other appliances to form a clean and stylish look.
