

## Ceramic range with oven Metos Diamante D74/10VTCE

### Product information

SKU	4343872
Product name	Ceramic range with oven Metos Diamante D74/10VTCE
Dimensions	800 × 730 × 870 mm
Weight	135,000 kg
Technical information	400 V, 16 kW, 3NPE, 50/60 Hz

### Description

The ceramic range Metos Diamante 70 D74/10VTCE has four Ø230 mm 2.5 kW cooking zones. The unbreakable ceramic hob has Ø230 mm cooking zones, the temperatures of which can be regulated by the 10 position control knobs. The control panel has an indicator light, which illuminates when the hob has been switched on. Two different heating areas can be regulated within the cooking zone, independent of pot size. In addition, the rear of the range is at an incline, which prevents splashes from flowing behind the range.

The range has a GN2/1 size 6 kW electric oven, the temperature which can be regulated between 0...250 °C. The oven has three pairs of guide rails at intervals of 50 mm.

Every detail of the strong, stylish and hygienic restaurant range series Metos Diamante 70 has been planned as an efficient and functioning solution, from pre-treatment to the preparation of the food itself, without forgetting the need to easily clean the range. Diamante 70

series ranges are available as a table top model as well as with its own cupboard, as single or multiple combined units, and are suitable for use in small to mid-sized to large kitchens. Laser cut range working surfaces allow for the seamless joining together of units into cleanly connected islands or lines in places of heavy use, such as large kitchens.

- four cooking zones (2.5 kW / cooking zone)
- beneath the range is a GN2/1-size electric oven (6 kW)
- large splash proof control knobs
- exterior and feet are made from stainless steel.
- adjustable height 850...920 mm
- overheating protection
