Dimensions	400 × 730 × 870 mm
Weight	50,000 kg
Technical information	400 V, 5 kW, 3NPE, 50/60 Hz

### Description

The Metos Diamante 70 D72/10GCIW induction wok with an open cupboard has ceramic Ø230 mm size 5 kW cooking zone. Heat does not accumulate within the hob on an induction wok, only the bottom of the pot or the food in the pot or vessel warms up, which makes use of the induction wok fast and safe.

Every detail of the strong, stylish and hygienic restaurant range series Metos Diamante 70 has been planned as an efficient and functioning solution, from pre-treatment to the preparation of the food itself, without forgetting the need to easily clean the range. Diamante 70 series ranges are available as a table top model as well as with its own cupboard, as single or multiple combined units, and are suitable for use in small to mid-sized to large kitchens. Laser cut range working surfaces allow for the seamless joining together of units into cleanly

connected islands or lines in places of heavy use, such as large kitchens.
