| SKU                         | 4310594  |
| Product name                | Deli display Metos newZita Mini 1250 V                     |
| Dimensions                  | 1330 × 948 × 1190/1210 mm                                  |
| Weight                      | 140,000 kg   |
| Capacity                    | 286 litre  |
| Technical information       | 230 V, 16 A, 0,45 kW, 1NPE, 50 Hz, 60 dB<br>Drain: ø 32 mm |
| Type of the refrigerant     | R290   |
| Quantity of refrigerant [g] | 120  |
| Cooling capacity [W]        | 429  |

### Description

- simple rectangular-shaped design, which blends well into different kinds of interiors
- straight glass surfaces of the display minimizes the reflections and mirroring in the display enabling a good view of the displayed goods
- especially suitable for short time storage of e.g. sandwiches, tapas and salads
- open from the service side, which makes the refrigerated display space easily accessible when filling it up with products from the cold cabinets
- products can be kept cold in the stainless steel cold cabinets
- functionable 280 mm work table made of stainless steel on the service

side which allows plenty of space to work, e.g. when cutting or packing products

- display area and kick plates made of stainless steel
- front and side panels in grey laminate
- energy efficient LED lights which give light to the exhibited products
- equipped with fan assisted ventilated cooling system and a digital thermostat and thermometer.
- temperature range for the food exhibited in the display is  $-1^{\circ}\text{C} \dots +5^{\circ}\text{C}$ , when the ambient temperature is  $+25^{\circ}\text{C}$  and humidity 60% R.H.(climate/temperature class 3M1)
- frame structure made of polyurethane, ensuring good insulation
- self-contained

Accessories:

- wide range of other laminate colours
- cashier and corner units
- central cooling
- sliding plexi doors on service side
- neutral glass shelf inside display
- cutting and balance boards
- knife holder
