

Water dispenser Metos Chrome

Product information

SKU	4213359
Product name	Water dispenser Metos Chrome
Dimensions	69 × 152 × 307 mm
Weight	5,000 kg
Technical information	CW: 1/2"

Description

Metos Chrome is a simple tap column in chrome and stainless steel with a resilient self-tapping jumper. This makes it suitable for installation in, for example, inline dining (lunch restaurant and/or conference dining rooms).

As Chrome is a single tap, it can be configured optionally for chilled still, uncooled still or chilled carbonated water. Combine several taps for a flexible water station.

- tap nozzle at a height of 208 mm
- resilient self-tapping jumper
- built-in
- drip tray is not included in the price of the tap

The carbon dioxide is not included in the unit, but a separate lease agreement must be concluded with the gas supplier. The cooling unit is not included in the delivery.
