Vertical cold display Metos Luxor Slim KP6A black

Product information

SKU	4310732
Product name	Vertical cold display Metos Luxor Slim KP6A black
Dimensions	600 × 645 × 1840 mm
Weight	175,000 kg
Capacity	324 litres
Technical information	230 V, 0,4 kW, 1NPE, 50 Hz
Type of the refrigerant	R290
Cooling capacity [W]	596

Description

Metos Luxor Classic Slim KP6A is an elegant, innovative and adaptable vertical slim display that creates an attractive and exclusive environment for the products sold. In addition to the walls and shelves that are made of hardened glass, the barely noticeable shelf support system allows for an unobstructed view of the products inside the display.

At only 60 cm wide, the Metos Luxor Classic Slim KP6A vertical display is intended for storing confectionery products and drinks. Equipped with five (490x470 mm) glass shelves, shade adjustable LED-lights and a right hinged door, the vertical cold display creates a clear and light frame for products. The display's cold area can be set to between +2°C...+10°C. The display has a cooling system with a fan, which distributes the air

evenly across the whole area.

The display's frame is covered with black (RAL 9005) silk printing. The lower part of the frame masterfully hides the wheels, enabling the easy movability of the display. The display has an automatic melting and water evaporating system.

- five glass shelves (490x470 mm), weight limit 12 kg/per shelf
- cold area +2°...+10°C
- right hinged door
- LED-lights at the corners, shade adjustable between 3000-6000K
