### Description

The right equipment not only gives a better result. It gives the right feeling and makes work more fun. A barista starter kit is a must for those who take coffee seriously. Nice clean design and quality in every detail. All parts can easily be moved to a second location in the hard covered briefcase.

Kit includes:

Analog thermometer for jugs, coffee brewed between 88°C and 93°C, hot chocolate: 79°C to 82°C and steamed milk: 66°C to 77°C

EDO barista stainless steel milk pitcher, 350 ml

EDO barista stainless steel milk pitcher, 600 ml

Motta stainless steel cocoa/chocolate shaker Ø55 mm x 81 mm, 35 holes(á Ø1,4 mm)

EDO manual ergonomic black tamper Ø58 mm, solid stainless steel base. Its

flat base ensures an even tamp, and the large handle in aluminium fits easily in the palm for a comfortable and ergonomic grip.

EDO barista towel, brown, 30x40 cm, perfect for cleaning espresso machines as they don't leave smears on stainless steel

Crema Pro knock bin in black polypropylene, height 110 mm, a solid rubber base to prevent slipping on the bench top and a sturdy, shock-absorbent design to withstand heavy use.

Crema Pro black tamper mat, 200x150 mm. Made from food-grade compound rubber, Crema Pro tamper mats protect your bench top while providing a sturdy base to tamp.

Latte art pen, Ø3mm, length 135 mm, in stainless steel with two different ends, a flat and slightly wide. Suitable for taking milk cream or for removing any bubbles in the cream; and a pointed end that facilitates the barista in the creation of the drawing.

Graduated pirex glass with level marks to indicate 60 ml and 30 ml.

Brush 'Smart', handy for cleaning the showers and gaskets: orange handle, Food Nylon 6 and black polyester bristles round Ø 0.80

Black digital timer, 70x53x9 mm. Easy to use, it magnetically attaches to the espresso machine panels thanks to the magnet placed on the back of the timer. It features a start-stop switch, large easy-to-read LCD 1,8" display, 3 buttons; start/stop, minutes, seconds, loud alarm (about 30 seconds), maximum time duration of 99 minutes and 59 seconds. Power supply: 1 x LR1130 button battery (included).
