

Wine cooler Metos TFW400-2S with glassdoor

Product information

SKU	4162273
Product name	Wine cooler Metos TFW400-2S with glassdoor
Dimensions	595 × 680 × 1760 mm
Weight	106,000 kg
Capacity	163 bottles 0,75
Technical information	220-240 V, 0,22 kW, 1NPE, 50/60 Hz, 40 dB
Net Volume	350 liters
Type of the refrigerant	R600a
Quantity of refrigerant [g]	55

Description

The wine cabinet Metos TFW400-2S is designed for the aesthetically attractive display of wine bottles and for storing them at an appropriate temperature.

The wine cabinet Metos TFW400-2S has a net volume of 350 litres and holds 163x 0.75 litre bottles. The cabinet has two individually adjustable modes with adjustable temperatures of + 5°C to + 10°C / + 10°C to + 18°C. Temperature control and display are located inside the unit. The fans provide a constant cold air circulation throughout the cabinet. The refrigerant is environmentally friendly R600a.

The wine cabinet has 14 wooden shelves. LED illumination gives bright

and even light and brings drinks to the fore. The light has a separate switch, so closing it does not turn off cabinet cooling.

The exterior and interior liner of the appliance is black-painted. The right-handed glass door has a stainless steel handle. The door is interchangeable. Smooth surfaces, removable shelves and automatic defrosting make it easy to keep the device clean.

- glass door; handedness is interchangeable
- door has a lock
- capacity 163 pices/750 ml bottles
- net volume is 350 litres
- two individually adjustable modes with adjustable temperatures of + 5°C to + 10°C / + 10°C to + 18°C
