

Ice maker Metos Icematic Maracuja M195 A, ice cube L-size 17g

Product information

SKU 4173122

Product name Ice maker Metos Icematic Maracuja M195 A, ice

cube L-size 17g

Dimensions $560 \times 620 \times 660 \text{ mm}$

Weight 68,000 kg

Capacity production 212 kg / 24 h

Technical information 220-240 V, 16 A, 1,100 kW, 1NPE, 50 Hz

CW: 3/4" Drain: ø Ø 20

Type of the refrigerant R290 Quantity of refrigerant 149

[g]

Cooling capacity [W] 2834

Description

The Metos Icematic Maracuja-series ice makers are efficient, heavy-duty ice machines with a separate ice tank as an accessory. Optimal ice storage can be guaranteed, as ice cubes fall directly into a separate ice tank when they are ready. This is why the M-series' ice machines are perfect for nightclubs, large restaurants, fast food restaurants, hotels, and movie theaters.

Special attention has been paid to the hygiene and ease of use in the

design of the machines. The machines have an automatic washing system that ensures easy cleaning. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine is made of wear-resistant and easy-to-clean stainless steel. The controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.

- air condensation
- ice cube size 17 g, 29x29x24 mm
- separate ice container
- stainless steel body
- automatic washing system
- environmentally friendly R290 as refrigerant
- including Bluetooth/WiFi board

DELIVERY INCLUDES:

- pressure water hose
- · drain hose

FACTORY OPTIONS (to be ordered with the machine):

- ozone programmable sanitation cycle
- Rainbow technology evaporator treatment
- IOT cloud connection
- Storage bin ice level adjustment

The capacity values have been calculated under conditions where the room temperature is 10° C and the water temperature is 10° C. If the water used is warmer, the output of the machine will decrease.
