

Modular Ice maker Metos M205 AX F-DICE

Product information

SKU	4173124
Product name	Modular Ice maker Metos M205 AX F-DICE
Dimensions	760 × 620 × 575 mm
Weight	70,000 kg
Capacity	production 220 kg / 24 h
Technical information	220-240 V, 16 A, 1,100 kW, 1NPE, 50 Hz CW: 3/4" Drain: ø Ø 20
Type of the refrigerant	R290
Cooling capacity [W]	2834

Description

The Metos M-series ice makers are efficient, heavy-duty ice machines with a separate ice tank as an accessory. Optimal ice storage can be guaranteed, as ice cubes fall directly into a separate ice tank when they are ready. The ice cube is adjustable which guarantees a wide range to suit everyone's needs. This is why the M-series' ice machines are perfect for nightclubs, large restaurants, fast food restaurants, hotels, and movie theaters.

Special attention has been paid to the hygiene and ease of use in the design of the machines. The machines have an automatic washing system that ensures easy cleaning. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine is made of wear-resistant and easy-to-clean stainless steel. The

controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.

- air condensation
- ice cube size 10g adjustable
- separate ice container
- stainless steel body
- automatic washing system
- environmentally friendly R290 as refrigerant

DELIVERY INCLUDES:

- pressure water hose
- drain hose

FACTORY OPTIONS (to be ordered with the machine):

- ozone programmable sanitation cycle
- Rainbow technology evaporator treatment
- IOT cloud connection
- programmable ice production

The capacity values have been calculated under conditions where the room temperature is 10°C and the water temperature is 10°C. If the water used is warmer, the output of the machine will decrease.
