

Flaker Ice maker Metos B200C AX AG

Product information

SKU	4173136
Product name	Flaker Ice maker Metos B200C AX AG
Dimensions	700 × 650/659 × 912/993-1016 mm
Weight	50,000 kg
Capacity	production 210 kg / 24 h
Technical information	220-240 V, 10 A, 0,720 kW, 1NPE, 50 Hz CW: 3/4" Drain: ø Ø 20
Type of the refrigerant	R290
Quantity of refrigerant [g]	80
Cooling capacity [W]	878

Description

Metos B-series ice makers are efficient ice machines with their own ice tank. The humidity content of the ice flake is adjustable. This allows for the presentation of orthodox food, the transport of fresh produce, and usage in wellness spas. This is why the B-series' ice machines are perfect for spas, restaurants, hotels, grocery stores and bakeries.

Special attention has been paid to the hygiene and ease of use in the design of the machines. The machines have an automatic washing system that ensures easy cleaning. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine is made of wear-resistant and easy-to-clean stainless steel. The

controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.

- air condensation
- the humidity content of the flake ice is adjustable from 15% to 25%
- steady ice production with a small amount of water
- integrated ice tank
- stainless steel body
- environmentally friendly R290 as refrigerant

DELIVERY INCLUDES:

- ice bucket
- pressure water hose
- drain hose
- adjustable legs

FACTORY OPTIONS (to be ordered with the machine):

- ozone programmable sanitation cycle

The capacity values have been calculated under conditions where the room temperature is 10°C and the water temperature is 10°C. If the water used is warmer, the output of the machine will decrease.

- Stainless steel construction
- Air condensation
- Touch control
- Acoustic and luminous alarms
- Report HACCP alarms
- Ice humidity adjustment
- Storage bin ice level adjustment
- USB connection for software update and HACCP data download
- Condenser fan controlled at low ambient temperatures
- Predictive analysis of malfunctions
- Machine performance report
- Feet 100 mm kit
- IOT cloud connection
- Programmable ice production
