Product name	Basic shelving Metos Norm20 1000*500 with slatted shelves
Dimensions	1000 × 500 × 1800 mm
Weight	14,580 kg
Capacity	600 kg

Description

Basic shelving Metos Norm20 pack including four slatted shelves, two uprights and one cross brace.
The uprights are made of special 25x25 mm rectangular tubes, connected and stabilised by firmly press-fitted 40x7 mm transvere cross bar.
Plastic top covering caps and height-adjustable screw feet to compensate up to 25 mm on uneven floors as a hygienic closure of the upright.
Upright has integrated lugs with 150 mm spacing for easily hooking of the removable shelves.

Modular Norm20 shelving system made of natural anodised aluminium in a hygienic design as per DIN 18868-2, suitable for continuous use at -40°C to +60°C, for installation in a straight line or as a corner unit with corner hooks, can be extended to any length.

- four slatted shelves made of aluminium

- two aluminium uprights
