Weight	67,000 kg
Capacity	a. 10 racks/hour
Technical information	230 V, 16 A, 3,3 kW, 1N, 50 Hz, 63 dB HW: 3/4" Drain: ø 30 mm

Description

Reliable Metos Master Aqua 50 Mono is a basic under-counter dishwasher designed for using in professional kitchens. It is easy to build around the dishwasher a dishwashing system for a small operation by using compatible tables, trolleys and other fixtures.

Dishwasher with a drain pump Metos Master Aqua 50PS Mono, code 4552435, can be ordered in cases where the dishwasher cannot be connected to a floor drain. Now the wash water can be discharged into the washing counter sink.

A detergent dispenser dispenses the detergent for you and keeps the measure of the detergent always constant. Detergent dispenser for a liquid detergent is available as an option.

- one wash program (2 minutes)

- max height for dishes 320 mm
- light signal for correct temperature in tank and in final rinse
- sound and heat insulated top and door
- easy to remove wash and rinse arms
- rounded edges in the tank facilitate cleaning
- water consumption 2,3 l/cycle (water pressure 200kPa)
- rack size 500x500 mm
- boiler capacity 5,7 l
- tank volume 29 l
- electromechanical control panel on the right side of the front panel

Delivery includes:

- rinse aid dispenser
- basket for plates
- basket for glasses
- cutlery cylinder
- connection hose for tap water
- drain pump

Optional (to be ordered separately):

- stand
- detergent dispenser
- pressure boosting pump (to be ordered together with the dishwasher)
- extra racks
- pre-wash tables and basket trolleys
