### Product information

---

SKU	4143610
Product name	Mixer Metos Bear RN20 VL-2, floor model with attachment drive
Dimensions	566 × 720 × 1286 mm
Weight	115,000 kg
Capacity	20 litres bowl
Technical information	230 V, 16 A, 1,2 kW, 1N, 50/60 Hz

### Description

A floor model Metos Bear RN20 VL-2 kneads and whips with gentle precision up to the rims of the bowl. Variable speed control, preset speed programs and possible to store up own programs with different time and speed settings makes cooking quick and easy.

The mixer is equipped with an attachment drive for a meat mincer and vegetable cutter (options).

The electronic control panel allows you to choose between variable speed or one of the four fixed speed programs. The control panel can be used to store up to four individual programs with different time and speed settings. The control panel also features an electronic 60-minute timer and a pause function which can be used when inspecting the contents of

the bowl.

The capacity of Metos Bear RN20 VL-2 for 20 liter bowl; 10 kg bread dough 50%, 12 kg mashed potatoes, 5 liters whipped cream.

The transparent safety guard protects against dust and also prevents the flour dusting to the room. The safety guard has an integrated filling chute. The guard can be removed without any mechanical fittings.

The motor of the Metos Bear RN20 VL-2 is fitted with a frequency converter which ensures the machine switches off in the event of overloading. There are no joins or openings on the smooth, even surfaces of the mixer therefore simple and quick to clean. The bowl and the tools (whip, beater and hook) are made of stainless steel and are therefore dishwasher safe.

The stainless steel scraper (option) with a teflon scraper blade physically scrapes the sides of the bowl and makes manual scraping unnecessary. This increases the utilisation of ingredients by providing greater volume and reducing the mixing time.

- Attachment drive
- Floor model
- Bowl 20 liter
- Variable speed control
- 4 fixed speed programs
- Possible to save up to four own receipt programs
- Manually controlled lifting and lowering of bowl
